

NetShore

SENIOR UI/UX DESIGNER

People at NetShore don't just build product – we craft the kind of experience that has empowered the Europe's largest B2B e-commerce solution.

Job Description

7+ years of product design expertise, good communicator, and understanding of how to simplify complexity for end users.

Soft skills

- Excellent time management abilities
- Curiosity to learn
- You have great communication skills both when interfacing with customers as well as when working with your team
- Take complete control of a feature from conception to launch.
- An acute sense of when a feature "works" and when it can be improved
- Willingness to mentor peers in order to build a stronger team

Technical skills

- You know how to distill simplicity from complex user requirements
- You know how to use the tools of the trade like, Figma
- Expert knowledge of responsive design
- Manage design libraries and design systems with adherence to product branding requirements

In this role, You will

- Collaborate with a diverse group of people, giving and receiving feedback, to build innovative experiences
- Deliver a scalable user experience(UX) in close collaboration with product owners
- Examine how the purposed design is being implemented
- Collaborate with product owners, scrum masters, and developers to deliver a quality product using tools such as Gerrit & JIRA

Why NetShore

From the first day, you will grow professionally, and take the next steps toward becoming an expert in e-commerce and design methodologies.

We continue to find new ways to help our customers get their ideas out into the world with a forward-thinking and self-driven attitude.

We would love to work with You if you are inspired by our mission and eager to roll up your sleeves, try new things, learn from mistakes, and make a difference in B2B commerce businesses.
